Examples

Find the sum of odd negative of ten numbers

```
Private Sub Button1_Click()
        Dim x, i, sumon, sumep As Integer
        sumon = 0
        For i = 1 To 10
            x = InputBox("")
            ListBox2.Items.Add(x)
            If (x Mod 2 <> 0) And (x < 0) Then
                sumon = sumon + x
            End If
        Next
        ListBox1.Items.Add("sumon    " & sumon)

    End Sub
```

Find the sum of even positive of ten numbers

```
Private Sub Button18_Click()
        Dim x, i,  sumep As Integer
        sumep = 0
        For i = 1 To 10
            x = InputBox("")
            ListBox2.Items.Add(x)
            If (x Mod 2 = 0) And (x > 0) Then
                sumep = sumep + x
            End If
        Next
        ListBox1.Items.Add("sumep    " & sumep)
    End Sub
```
