

## Examples

### Find the sum of odd negative of ten numbers

```
Private Sub Button1_Click()  
    Dim x, i, sumon, sumep As Integer  
    sumon = 0  
    For i = 1 To 10  
        x = InputBox("")  
        ListBox2.Items.Add(x)  
        If (x Mod 2 <> 0) And (x < 0) Then  
            sumon = sumon + x  
        End If  
    Next  
    ListBox1.Items.Add("sumon    " & sumon)  
  
End Sub
```

## **Find the sum of even positive of ten numbers**

```
Private Sub Button18_Click()  
    Dim x, i, sumep As Integer  
    sumep = 0  
    For i = 1 To 10  
        x = InputBox("")  
        ListBox2.Items.Add(x)  
        If (x Mod 2 = 0) And (x > 0) Then  
            sumep = sumep + x  
        End If  
    Next  
    ListBox1.Items.Add("sumep " & sumep)  
End Sub
```
